

NAME OF ORGANIZATION

HELLENIC SOCIETY FOR DISABLED CHILDREN – ELEPAP

AREAS OF ACTIVITY – AGENCY DETAILS

ELEPAP is a Greek non-governmental organization founded in 1937 with a long history of dedication to the rehabilitation of children with disabilities and the support of their families. Six ELEPAP Day-Care Centers are currently operating nationwide (Athens, Thessaloniki, Chania, Ioanina, Volos, Agrinio), providing holistic, multi-disciplinary and innovative intervention programs for children with developmental motor disorders (cerebral palsy, neuromuscular diseases, motor disorders due to genetic syndromes or traumatic brain injury) from birth until the end of puberty. The Department of Early Educative and Therapeutic Intervention focuses on the developmental needs of infants, toddlers and preschoolers, combining a special education unit with various therapeutic approaches.

ELEPAP has organized a number of Congresses concerning issues of child disability and rehabilitation. Our staff members have participated in various scientific events in Greece and abroad. We have a strong commitment to the sharing of expertise and the proliferation of scientific knowledge.

Facing the challenges of the current financial situation, ELEPAP continues to offer her valuable services. Last year, we cared for the needs of 1600 disabled children!

ELEPAP implements recreational occupational and lifelong learning programs for adults funded by European programs or donations. In addition, ELEPAP runs the Neuropsychological Rehabilitation Program for people after a brain injury in cooperation with the Brain Injury Day Treatment Program of the Rusk Institute of Rehabilitation Medicine, New York Medical School.

On an annual basis ELEPAP embraces more than 1.600 children with disabilities.

AIM – VISION

Our aim in ELEPAP is to support all children with disabilities to use their best potential. Rehabilitation requires a systematic, long-term, multidisciplinary approach, which has a large operating cost. We would like to have the opportunity to offer more assistance to more children and families in need.

The grand vision of ELEPAP is lifelong support of children who became adults and still need our support. We search the land to build appropriate premises to be used for short-term residency, recreational activities and a pilot program of supportive adult living. It is important to help them develop the skills to live independently.

In addition, we would like to be able to support children and families in remote areas of Greece using the opportunities provided to us by modern technologies funded by the Welcome to the website of the National Strategic Reference Framework (NSRF) 2007 - 2013.

NUMBER OF PEOPLE WORKING IN YOUR ORGANIZATION AS VOLUNTEERS OR/AND EMPLOYEES (PART TIME & FULL TIME)

2011 is the Year of Volunteers! ELEPAP was created in 1937 by a team of volunteers and is a symbol of volunteering ever since!

ELEPAP is a charity organization. All members of the Board of Directors are volunteers. In addition, devoted volunteers offer their services in different domains, which include professionals in the medical field, volunteers who support children in their daily functioning and promote their recreational activities, and volunteers who organize different fund raising events. We estimate that the number of our volunteers is more than 300 people.
