November 2016

Oury Clark became part of the Global Sustain community in October 2015.

It is clear that sustainability is on most corporates' agenda and through Global Sustain, we are able to access in depth information, research and support which we can share within our own client community.

Membership of Global Sustain has also opened the door to other business opportunities.

As the momentum continues to build within the arena of sustainability and transparency, we see Global Sustain playing a key part in communication and knowledge transfer and we look forward to our continued partnerships in this regard.
